June 20 ..... 2661-2715
June 27 ..... 2767-2818

## A

**Accounting**

Circular-hosiery yarn costs determined by test run. John Russell ..... 1316
Figuring cotton-spinning organizations at a glance. J. L. Tucker ..... 1096
Inventory-control systems. F. A. Hayes.. 2387
American Assn. of Textile Chemists and Colorists—Piedmont Section meet at Greensboro ..... 814
American Cotton Manufacturers Assn.—Farm problem and fireworks at convention ..... 1996
American Society of Mechanical Engineers—Management Division discuss stabilization of employment ..... 2680
American Society for Testing Materials—Textile Committee meets ..... 1314
Textile Committee presents report ..... 2776
American Woolen Co.—Annual banquet.. 811
Arkwright Club — Consolidation with N.A.C.M. ..... 427

## B

Bearings, why get hot. W. F. Schaphorst. 1215
Belts—Common transmission error. W. F. Schaphorst ..... 349

**Bleaching**

Continuous bleaching. W. W. Chase.. 636
Cotton Manu..cturers discuss ..... 1648
Hosiery bleaching with sodium hypochlorite (Q) ..... 2219
Jersey cloth, stains in bleached (Q).. 2798
Peroxide bleaching. C. D. Brandt..... 1100
Spun silk (Q) ..... 1886, 2501
Temperature-control instruments. F. A. Westbrook ..... 1522
Uneven shade in skeins (Q) ..... 54
Water requirements of a bleachery (Q) 444
Wool, bleaching chlorinated (Q)..... 1528
Bradford Technical College emphasizes instruction in worsted manufacture. C. A. Collier ..... 2212
Buyers viewpoint, ed. by Lillian Edgerton.. 152, 1105, 1651, 2394, 2786

## C

Carbon tetrachloride in removing stains (Q) ..... 79

**Carpets and Rugs**

Carpet and rug mills. E. W. Stone.... 2582
Rubber backed, non woven pile carpet. 1307
Rubberized back on carpet..... 1306
Census shows less mills but increased output per worker ..... 140
Chicago Testing House—new quaretrs... 342
Cleaning solution (Q) ..... 53
Coat linings from synthetic yarns..... 152

**Color**

Beach pajamas with—and then without—colors ..... 1105
Chaos in color, bring order out of.... 423
Don't be afraid of the microscope! E. R. Schwarz ..... 991
Photo-electric cell in color measurement. W. M. Scott ..... 886
Rapidogen dyestuffs facilitate production of fast-color prints. W. W. Chase..2493
Standard colors and fewer dyes a benefit. A. Raerz ..... 428
Colors for marking goods in mill—S.T.A. meeting ..... 235
Consulative Committee of Experts for the Rayon Industry—Meeting ..... 339
Corrosion combating in the textile industry. Ray Cottrell ..... 2008

**Costs**

Cotton manufacturing costs. C. S. Tatum 612
Cotton mills become cost-minded. S. P. Munroe ..... 592
Hosiery selling prices, calculating for establishing. John Russell ..... 1650
Inventory control system. F. A. Hayes. 2387
Machine shop economical to mill—S.T.A. Mechanics discuss ..... 2210
Motor trucks handle more cottons..... 2393
1930 electrical equipment reduces operating costs. H. W. Reding ..... 45
Number of worsted spinning spindles per operative. M. C. Bishop ..... 982
Predetermining costs in cotton yarn mills ..... 142
Thread cost in finishing knitted underwear. S. M. Peterson ..... 2393

**Cotton**

Analyzing cotton yarn or grade (Q)... 358
"Cotton-minded" South ..... 1309
Farm Board and cotton ..... 1404
Foreign cottons threaten domination of American cotton. A. H. Garside.... 614
Future of American cotton studied at A.C.M.A. meeting ..... 2005
Low-price cotton—long time prospect. A. H. Ulm ..... 34
Raw stock prepared for dyeing in vacuum machine ..... 259
Soviet rises on cotton horizon. S. J. Kennedy ..... 1094
Wool-cotton credit outlook. W. C. Steele 611
World cotton consumption, 1920-1930 (chart) ..... 34
Cotton Manufacturers' Assn. of Georgie—Selling at profit stressed at meeting....1641
Cotton Manufacturers' Assn. of North Carolina—Various tops discussed at convention ..... 2772
Cotton Manufacturers' Forum—Held under National Assn. of Cotton Mfgrs.—discuss bleaching, dyeing ..... 1648

**Cotton Manufacturing**

A.C.M.A. convention discusses farm problem and night elimination ..... 1996
Beater blows and card settings (Q).... 1665
Beater blows and card settings for cotton. C. A. Dickens (Q) ..... 2692
Bedford cords, successful constructions for. John Reynolds ..... 2202
Butted seam used by textile mills. J. M. Washburn ..... 2498
Card grinder's ears should match. Robert Schaellibaum ..... 2799
Census of goods manufactured in 1929.. 140
Census of machinery of cotton goods industry ..... 2492
Chain warps, dyeing of. H. C. Roberts. 2292
Chintz, cretonne, and the glaze..... 1651
Clothing cards (Q) ..... 1528
Collars and cuffs ..... 2394
Combed peeler yarn, variations in (Q). 1885
Combed yarn mill merger? R. C. Maultsby ..... 1642
Co-operative activities achievement in 1930. G. A. Sloan ..... 584
Costs of cotton manufacturing. C. S. Tatum ..... 612
Costs predetermined in cotton yarn mills 142
Doublings, effect of, on evenness of cotton yarn (Q) ..... 2021
Durene Cotton Pickers ..... 1643
Durene meeting at Knitting Arts Exhibitions stresses style appeal..... 1775
Dyeing cotton cops. H. Marsden..... 820
Evolution of a commission house in the yarn trade (Yarn merchandising to replace yarn peddling—series). L. C. Linkroum ..... 1870
Fair trade practices defined ..... 2685
Farmer-manufacturer relationship..... 2002
Felt, cotton and rayon (Q) ..... 1219
Figuring cotton-spinning organizations at a glance. J. L. Tucker ..... 1096
Gastonia festival of cotton..... 1205
Georgia Textile Executives meet and discuss carding and spinning ..... 1310
Human relations in the cotton industry, trends in. C. L. Emerson ..... 1876
Humidifying picker rooms. N. E. Elsas. 1878
Market study resulted in change of output of cotton mill ..... 1200
Master mechanics forum at N.A.C.M... 894
Mercerizing cotton fabrics. John Appleyard ..... 1652
Mercerizing light weight fabrics (Q)... 2023
Mildew proofing (Q) ..... 2594
Mills, cotton, become cost-minded. S. P. Munroe ..... 592
Motor trucks handle more cottons ..... 2393
Mottled appearance on knitted fabric (Q) ..... 1787
N.A.C.M. forums discuss yarn manufacturing ..... 240
Narrow sheeting prices too low. G. A. Sloan ..... 2782
National Cotton Week, a success..... 2484
"National cotton week" to start on June 1 ..... 2205
"National cotton week" viewed as aid to all textiles ..... 2291
New England field study—wage should increase. R. C. Dexter ..... 2489
Night work opponents should hoist true colors. W. D. Hines ..... 985
Night work—Sloan reports to Hoover on 891
Oil removed from gray goods (Q)..... 998
Opportunity for trained minds in textile industry. S. P. Munroe..... 2382
Overalls ..... 2786
Peroxide bleaching. C. D. Brandt.... 1100
Plush, dyed, streaks in (Q)..... 906
Price cutters read out of industry.... 2769
Print cloths and combed and carded lawns, yarns for (Q) ..... 2594
Processing knit goods (Q) ..... 1785
Rayon cotton progress at British Industries Fair ..... 1102
Rendering goods fast to dilute acids (Q) 998
Reversing cotton card flats. T. L. Johnson (Q) ..... 1218
Reversing cotton card flats. Rob Schaellibaum ..... 901, (Q) 1787
Ribbons, manufacture of multigraph and typewriter (Q) ..... 996
Roads, cotton fabric used for surfacing. 2583
Sales increased ..... 1211
Seersucker, evenness of crinkle (Q) ..1325
Sheeting (Q) ..... 1423
Sheets—and sheets ..... 1651
Sheets, colored, less volume in..... 2786
Shipments of cottons exceed production in 1930 ..... 237
Single-process picking. G. R. Merrill... 147
Sound policies stressed by S.T.A..... 2666
Spindle oils discussed at Eastern Carolina Division of S.T.A..... 1884
Spindles and looms, where located..... 2593
Springs in cotton-sliver cans (Q)..... 1112
Stains on cotton lace removed (Q).... 2218
Standards, new tentative, proposed by testing society ..... 2776
Stock preparation discussted by S.T.A. carders ..... 1776
Tension of web on cotton cards (Q).... 446
Textiles, Inc., combed yarn merger..... 2485
Tolerance in cotton yarn numbers (Q).. 2137
Treatment of raw stock, for dyeing in vacuum machine (Q) ..... 1112
Twine, polishing and sizing (Q)..... 257
Twist, prevalent misconceptions in the sewing thread trade. Robert Wilson.. 2676
Twisting precautions. L. L. Kingsford. 2126
Twists for cotton sewing thread (Q)... 2217
Wage fight in British cotton industry. T. G. Oliver ..... 239
Warp preparation and weaving discussed by N.A.C.M. ..... 1208
Warps sized for sheeting (Q)..... 2217
Weaving fabric with two-and-two effect in filling (Q) ..... 832
Weave room calculations. J. W. Shea.. 1514
Weave room efficiency. Albert Palmer.. 2496
Weaving leno laundry nets (Q)..... 2021
Wet processing. W. W. Chase..... 633
Cotton-Textile Institute—Method of predetermining costs in cotton yarn mills.... 142
Counters in roving, spinning, warping, etc. H. L. Spaunburg ..... 2486

**Credit**

Buying textile machinery on long-term credit. H. G. Lord ..... 601
Silk rayon credit extension in 1931. F. S. Dayton ..... 610
Wool-cotton credit outlook. W. C. Steele ..... 611

## D

**Design**

Fancy stitches on plain outerwear knitters. J. B. Relyea ..... 815
American art in textiles—exhibition at Brooklyn ..... 2127
Bedford cords. John Reynolds ..... 2202
Brocade designing. C. F. Harleston.... 2380
Cross warp coating effects. George Priestley ..... 1411
Fast-color rayon crepes, printing. H. B. Sturtevant ..... 338
Narrow fabric, direction of shuttle for face and back picks (Q) ..... 1219
Narrow fabrics—extra warps for various functions. E. J. Gibbons....2214, 2122
Narrow fabrics—satin and crepe weaves used in. E. J. Gibbons ..... 816
Novelty worsted yarns made on spinning frame (Q) ..... 1110

(Q) Questions and answers

"Silk S... d by Japanese manu... Nitobe .....2674
Tapestri... oledo Museum of Art ..... 33
"Three le... finding maximum settings ... Woodhouse & Brand...1416
Transposing weaves in woolens and worsteds produce attractive effects. G. R. Stevens ..... 892
Weaves for overcoatings, tweeds, and cassimeres. G. R. Stevens .....2678
Women's suitings. G. R. Stevens....1646
Worsted fabric from France. Lillian Edgerton .....2290
Durene meeting in connection with Knitting Arts Exhibition .....1775

**Dyeing**

Acetate yarn dyeing. W. G. Young....1312
Bathing suits, dyes .....2786
Blanket, silk ribbon on (Q).....1424
Blankets made from carbonized stock (Q) .....2023
Cleaning dye kettles (Q) .....2219
Cotton chain warps, dyeing of. H. C. Roberts .....2292
Cotton cops, modern practice in dyeing. H. Marsden ..... 820
Cotton Manufacturers discuss .....1648
Cotton raw stock prepared for dyeing in vacuum machine ..... 259
Cotton raw stock treated for dyeing in vacuum machine (Q) .....1112
Creases or water-marks in full-fashioned hosiery (Q) .....1111
Equipment for dyeing raw stock and yarn (Q) .....2395
Fewer dyes and standard colors a benefit. A. Maerz ..... 428
Franklin dye tube, history of. W. A. Simond ..... 249
Hosiery dyeing machine (Q) .....1664
Hosiery dyeing, use of penetrants (Q).. 904
Hosiery, full-fashioned (Q) ..... 160
Hosiery, washing changes shade (Q)...1887
Knit fabric, dye penetration in (Q)... 356
Knit goods, scouring and dyeing (Q)... 161
Knit goods, uneven dyeing (Q).....162
Mercerized hosiery (Q) .....2023
Microanalysis of yarns. E. R. Schwarz.2783
Mixed-fiber fabrics dyeing ..... 236
Mohair upholstery fabrics (Q).....1422
Mottled flannel dyeing (Q) .....2219
Oil removed from gray goods (Q)..... 998
Rapidogen dyestuffs. W. W. Chase.....2493
Rayon anklet uneven in shade (Q)....1532
Rayon fabric, water marks in (Q)..... 996
Redyeing of hosiery made easier. H. C. Roberts ..... 345
Resisting cotton yarn for picot top (Q). 996
Scarf and its color .....2394
Silk fabric, cross marks in (Q).....1219
Spots on infant's hose (Q) ..... 52
Streaky worsted top (Q) .....2595
Stripping dyed fabric (Q) .....2502
Sulfonated oils, analysis of. A. H. Grimshaw .....1212
Temperature control instruments. F. A. Westbrook .....1522
Tinting spun rayon with fugitive dyes (Q) ..... 54
Weighted silk, stripping dyestuffs from (Q) ..... 905
Wet processing developments. W. W. Chase ..... 633
Wool dyeing difficult (Q) .....2132
Wool is uneven in shade (Q) .....2133
Wool, simple precautions in dyeing carbonized. C. E. Mullin ..... 986

## E

Elastic fabric. See Knit goods.

**Engineering**

Chemical engineering. R. G. Knowland.2682
Chlorine in treatment of mill water. F. D. West ..... 144
Corrosion combating in the textile industry. Ray Cottrell .....2008
Electric hoist merits greater consideration. H. J. Fuller .....1106
Electrical equipment in weave sled installed in Drayton Mills. H. G. Nichols.1103
Firth & Foster plant increases efficiency. G. C. Bryan ..... 246
Humidifying picker rooms. N. E. Elsas.1878
Individual motor loom drive. W. A. Mayor .....2588
Machines for carpet and rug mills. E. W. Stone .....2582
Mill construction ..... 641
Noise eliminated in textile machinery. W. F. Schaphorst ..... 41
1930 electrical equipment reduces operating costs. H. W. Reding ..... 45
Power generation and engineering..... 638
Power plant remodeled at Jamestown Worsted Mills. H. L. Smith.....2494
Steam pressure reduced for heating and process work. C. L. Hubbard.....1518
Temperature control instruments. F. A. Westbrook .....1522
Transmission error. W. F. Schaphorst..349
Water purification. D. R. Weedon....2296

**Exhibitions**

American Union of Decorative Artists and Craftsmen—Brooklyn exhibition..2125
British Industries Fair show cotton-rayon progress .....1102
Chemical Industries Show .....2118
Gastonia festival focuses attention on cotton .....1205
National Cotton Week .....2484
Philadelphia Knitting show .....1764
Textile World guide to Knitting Arts Exhibition .....1655
Windows on Fifth Ave. displaying cottons .....2586
Exports—Co-operative effort in the export trade ..... 590
Japanese cotton goods exports attract attention .....2499

## F

Fashion analyst. C. S. Fowler.....1521

**Finishing**

Angora rabbit wool, spinning and finishing .....2020
Boucle, knitting and finishing (Q).....1326
Braid finishing (Q) .....1110
Butted seam used by textile mills. J. M. Washburn .....2498
Chinchilla, finishing knitted (Q).....1424
Cotton sheeting (Q) .....1423
Counters in finishing, roving, spinning, etc. H. L. Spaynburg .....2486
Elastic braid, finishing (Q) .....2397
Elastic fabric (Q) .....1786
Elastic fabrics, narrow (Q) .....1530
Felts, paper-maker's (Q) .....2303
Fulling knitted fabric (Q).....2132
Linen thread finishing (Q) .....2305
Mercerizing cotton fabrics. John Appleyard .....1652
Rayon-cotton piece goods finishing—S.T.A. meeting ..... 236
Refinishing and shrinking, modern methods. Leonard Garfunkel .....2778
Sash cord finishing (Q) ..... 906
Sateen, Schreiner finish (Q) ..... 356
Silk and rayon taffeta (Q) .....2799
"Slip-preventive finish" (Q) .....1111
Solvent detergents used in fulling and scouring. G. A. Messenger .....2590
Temperature control instruments. F. A. Westbrook .....1522
Thread cost in finishing knitted underwear. S. M. Peterson .....2392
Thread for sewing, finishing (Q) ..... 356
Thread, sewing (Q) ..... 905
Twine, polishing and sizing (Q) ..... 257
Woolen, napped, fabric (Q) .....1886
Fire extinguishers, corrosion of (Q).....1529
Fitzgerald, H. R.—industry loses a leader 978

**Foreign Trade**

American cotton domination threatened by foreign. A. H. Garside ..... 614
Soviet rises on cotton horizon. S. J. Kennedy .....1094
Foreign trade. See also Exports.
Full-Fashioned Hosiery Mfgrs. — Annual meeting .....1772

## H

**Hosiery**

Aluminum forms, cleaning (Q) .....1786
Brown spots on black hosiery (Q).... 998
Census of goods manufactured in 1929. 141
Chafe marks in silk hosiery (Q)..... 997
Circular-hosiery equipment. J. N. Weeks, interview by R. C. Maultsby..1092
Circular-hosiery yarn costs. John Russell .....1316
Circular silk hosiery, striped effect in (Q) .....1218
Costs of full-fashioned (Q) .....2501
Cradle foot and picot top (Q).....1786
Crepe hosiery varies in shade (Q)..... 2397
Defects in full-fashioned (Q).....2022
Degumming agents. H. C. Roberts....2684
Dyeing hosiery, use of penetrants (Q).. 904
Dyeing machine for hosiery (Q).....1664
Faded half hose (Q) .....2395
Fiber bunches in full-fashioned (Q)....2396
Finishing full-fashioned (Q) .....2693
Full-fashioned, dyeing (Q) ..... 160
Full-fashioned has creases or water marks (Q) .....1111
Full-fashioned, holes in (Q) ..... 833
Full-fashioned hosiery on one machine. M. C. Miller .....36, 434
Full-fashioned industry to cut surplus. John Black ..... 810
Full-fashioned narrowing. M. C. Miller.1880
Full-fashioned, uneven shades and streakiness (Q) ..... 258
Grenadine hosiery from high-twist tram ..... 896
Grenadine hosiery, zebra effect in (Q).. 257
Holes in circular (Q) .....2304
Holes in half hose (Q) .....2692
Holes in stockings (Q) .....2503
Holes in toes (Q) .....1666
Horizontal lines in seamless (Q).....1664
Humidity for hosiery mills (Q).....2395
Knitting machines, trends in full-fashioned .....2018
Mercerized, dyeing (Q) .....2023
Mesh hosiery. John Black .....2578
Narrowing full-fashioned hosiery. M. C. Miller .....1318
Oil removed from hosiery (Q) .....1885
Oil spots on hosiery (Q) ..... 444
Operatives, duties of full-fashioned. F. R. Winwick .....1644
Rayon stocking breaks in boarding (Q).2798
Redyeing made easier. H. C. Roberts. 345
Resisting cotton yarn for picot top (Q) 996
Rings and oil spots in hosiery (Q)..... 357
Selling prices, calculations for establishing. John Russell .....1650
Shade changes (Q) .....2218
Shaded hosiery (Q) .....2304
Single-unit full-fashioned hosiery. M. C. Miller ..... 898
Sleazy appearance in full-fashioned (Q).2303
Spots on silk (Q) .....2595
Stains, rust, on bleached hosiery (Q).. 257
Streaks in full-fashioned heel (Q).....2502
Streaks in hosiery (Q).....997, 2304
Streaky hosiery (Q) ..... 446
Style in knit goods. John Black..... 628
Tag-system for circular-hosiery mills. John Russell ..... 343
Technique of knitting, 1930 developments. W. E. Shinn ..... 630
Tiger stripes in hosiery (Q).....1325
Twists for cotton mercerized, hosiery and thread yarns (Q) .....1785
Uneven courses in full-fashioned (Q)....2219
Uneven shade in hosiery (Q) .....2799
Wages for full-fashioned hosiery workers analyzed by Dr. G. W. Taylor.....2774
Washing dyed hosiery changes shade (Q) .....1887
Wood forms, finishing (Q) ..... 358
Wood forms for hosiery, finishing (Q).. 55
Yellow silk in hosiery (Q)..... 161
Yellow streaks (Q) .....1787
Humidification with cooling and ventilating ..... 824

## I

Imports. See Exports and Tariff.
International Assn. of Garment Mfgrs.—Co-operative efforts launched to aid garment makers .....1204
Inventions. See Patents.

## K

**Knit Goods**

Astrakhan, knitted (Q) .....2133
Bandage lacks elasticity (Q) ..... 256
Barred effect in woolen knitted fabric (Q) .....1112
Boucle, knitting and finishing (Q) ....1326
Census of goods manufactured in 1920 141
Discolorations (Q) .....2397
Drying knit goods (Q) .....1324
Dye penetration (Q) ..... 356
Dyeing, uneven, on knit goods (Q) .... 162
Elastic braid, finishing (Q) .....2397
Elastic fabric, finishing (Q) .....1786
Elastic fabrics, narrow, finishing (Q)..1530
Elastic web lacks smoothness (Q).....2798
Elastic webbing, back unravels too easily (Q) .....1326
Fancy stitches on plain outerwear knitters. J. B. Relyea ..... 815
Fancy work on plain-stitch outerwear and underwear machines. J. B. Relyea..1237
Fulling knitted fabric (Q) .....2132
Jersey cloth, stains in bleached (Q)...2798
Knitted outwear program .....1401
Mottled appearance on fabric (Q).....1787
Novelty yarn. J. B. Relyea .....2681
Oil removal big problem in scouring rayon goods. G. I. Putnam.....1654
Outerwear association curtails expenditures pending trade pickup .....1773
Philadelphia, knit goods capital for a week .....1636
Philadelphia Knitting Show .....1764
Preparation for knitting rayon yarn (Q).1887
Processing knit goods (Q) .....1785
Scouring and dyeing knit goods (Q).... 161
Shoe and slipper fabric (Q).....1423
Shrinkage prevented by knitting (Q).. 445
Stain in knit fabric (Q) ..... 53
Streaks in (Q) .....2131
Style in knit goods. John Black ..... 628
Sweater coats, yarns used in (Q).... 356
Tag system for circular-hosiery mills. John Russell ..... 343
Technique of knitting, 1930 developments. W. E. Shinn ..... 630
Textile World guide to Knitting Arts Exhibition .....1655
Thread cost in finishing knitted underwear. S. M. Peterson .....2392
Tricot knitting, examples of modern. W. E. Shinn .....2294
Twill effect (Q) .....2595
Warp-knitting needles missed in (Q)...1423
Worsted fabric uneven (Q) .....1887
Wrinkles and creases in closely knit fabric (Q) ..... 358
Yarn costs for circular hosiery determined by test run. John Russell....1316
Yarn percentages determined in outerwear (Q) .....1666
Knit goods. See also Hosiery, Underwear.

**Knitting Machines**

Counters in knitting, roving, spinning, etc. H. L. Spaunburg .....2486
Duties of full-fashioned operatives. F. R. Winwick .....1644
Fancy work on plain stitch outwear and underwear machines. J. B. Relyea..1637
Full-fashioned hosiery on one machine. M. C. Miller .....35, 434

Full-fashioned hosiery machines, trends in ....2018
Narrowing, full-fashioned. M. C. Miller.1880
Narrowing the full-fashioned stocking. M. C. Miller ....1318
Plain outerwear knitters can make fancy stitches. J. B. Relyea .... 815
Single-unit full-fashioned hosiery. M. C. Miller .... 898
Utica knitting equipment kept up to date. R. M. Jones, interview by John Black.2116

## L

**Labor**

Census shows less mills but increased output per worker .... 140
Danville attitude toward its labor problem. H. R. Fitzgerald .... 426
Efficiency men. F. E. Baker (Q) ....2022
Efficiency men. F. A. Hayes (Q) ....1787
Employment discussed by engineers ....2680
Employment, insuring regularity .... 133
Farmer manufacturer relationship ....2002
Hosiery operatives efficiently assigned. F. R. Winwick ....1644
Hosiery strike ending urged by Philadelphia Committee ....2500
Human relations in the cotton industry, trends in. C. L. Emerson ....1876
New England mills—tragedy and ignorance ....2573
Night employment, South Carolina men ask legislation against ....1517
Night work elimination considered by Wool Institute ....2013
Night work, move to eliminate. D. G. Woolf .... 582
Night work opponents should hoist true colors. W. D. Hines .... 985
Night work, Sloan reports to Hoover on progress of .... 891
Night work to be cut by southern combed yarn mills ....1210
South Carolina legislature tinkers with economic laws .... 433
South, shall it go industrial? .... 890
Southern industrial relations. R. C. Maultsby .... 594
Suggestions from employees. G. H. Fisher ....2299
Tag system for circular-hosiery mills. John Russell .... 343
Unemployment benefit plan in plant of Deering, Milliken & Co. .... 238
Wage fight in British cotton industry. T. G. Oliver .... 239
Wage incentives. F. A. Hayes ....2208
Wage minimum adopted by Stillwater worsted ....1097
Wage, textile, in class by itself .... 421
Wages and improved machinery. E. A. Terrell ....1321
Wages for full-fashioned hosiery workers. Dr. G. W. Taylor ....2774
Wage should increase. R. C. Dexter..2489
Laboratory. See Testing materials and Research.
Linen thread finishing (Q) ....2305
Lowell Textile alumni meet ....2295

## M

**Machinery**

Development of Textile machinery. E. D. Fowle .... 604
Installment buying. H. G. Lord .... 601
Machine shop economical to mill — S.T.A. Mechanics discuss ....2210
1929 figures on textile machinery ....2206
Sales of textile machinery .... 602
Why the sea is salt; parable. P. M. Tucker ....2298

**Maintenance**

Aluminum hosiery forms, cleaning (Q) 1786
Beautifying the ground of the small plant. E. P. B. Laurence ....1645
Chlorine in treatment of mill water. F. D. West .... 144
Circular-hosiery equipment. J. N. Weeks, interview by R. C. Maultsby ....1092
Corrosion combating in the textile industry. Ray Cottrell ....2008
Humidifying picker rooms. N. E. Elsas.1878
Individual-motor loom drive. W. A. Mayor ....2588
Master mechanics forum at N.A.C.M... 894
Noise eliminated in Textile machinery. W. F. Schaphorst .... 41
Oiling cotton fly frame spindles (Q) ...1326
Picker-stick breakage reduced. B. F. Hayes ....2017
Quality takes precedence over efficiency in silk mill modernization. Irving Lewin, interview by E. D. Fowle .... 138
Marking goods in mill with colors—S.T.A. meeting .... 235
Maximum cloth settings. Woodhouse & Brand ....1414

**Merchandising**

Analysis and forecast. Dr. L. H. Haney (Appears every week)
Buying, intelligent, can be brought about by more intelligent selling (Yarn merchandising to replace yarn peddling —series) .... 424
Co-operative efforts launched to aid garment makers ....1204
Distribution of textiles in the making. O. F. Rost .... 588
Evolution of a commission house in the yarn trade (Yarn merchandising to replace yarn peddling—series) L. C. Linkroum ....1870
Fair trade practices defined ....2685
Inventory-control system. F. A. Hayes.2387
Retailers sell more silk goods ....1415
Selling message to the retail buyer ....2394
Statistics as a profit-maker. H. S. Davis ....2576
Study your markets! M. G. Day (Yarn merchandising to replace yarn peddling —series) ....1200
Textile marketing study .... 333
Trade comments on problems of yarn merchandising (Yarn merchandising to replace yarn peddling—series) ....2672
Where does merchandising belong? .... 152
Wool marketing corporation has made good start. C. F. H. Johnson .... 619

**Mergers**

Combed yarn mill merger? R. C. Maultsby ....1642
Hampton Co. and Textiles Inc., in alliance ....2671
Hosiery association may merge with underwear manufacturers ....1769
Many mergers effected in 1930 .... 586
Textiles, Inc., combed yarn merger ....2485
Microscope—Don't be afraid of the microscope! E. R. Schwarz .... 346, 991, 1778, 2300, 2783

**Modernization**

Circular-hosiery equipment. J. N. Weeks, interview by R. C. Maultsby.1092
Botany Worsted Mills Re-Mechanization Committee, interview by J. A. Austin.1512
Firth & Foster plant increases efficiency. G. C. Bryan .... 246
Machinery, textile, sales for plant modernization .... 602
Mill construction .... 641
No choice in modernization .... 883
Power plant remodeled at Jamestown Worsted Mills. H. L. Smith ....2494
Quality takes precedence over efficiency in silk-mill modernization. Irving Lewin, interview by E. D. Fowle .... 138
Silk weavers must renovate plants. H. E. Wenrich .... 621
Textile mill modernization. J. A. Austin 608
Utica knitting equipment kept up-to-date. R. M. Jones, interview by John Black.2116
Woolen mills modernized. S. H. Wheelock 616
